CHARACTER INK & PAINT HELPERTON CULLAN "FIGGS" BRUCE

Previously on the FRS Progrum:

Sheepica and her half-brother Harlan have been kidnapped by two useless-looking baddies. Sheepica is a huge fan of Lemonade and Strawberry, so she's more excited to be resuced than she is scared of the supervillains. Harlan is secretly Caterang, a charismatic superhero. Both Harlan and Caterang have recently been spotted flirting with Strawbs. Strawberry and Lemonade have been assigned by Horatio, their manager, to work together on this project. Lemonade is fine with that, but Strawbs has been fairly cranky with her so far, save for a musical interlude on the car trip over.

Today's marquee colors are from Link in "Zelda II: The Adventure of Link".

Kyle is letting me keep my job... for now.

Because Sheepica is such a big fan and talks them both up to her folks so much, Strawberry and Lemonade have been hired to save the Shebwooley-Kattan children from the Terrible Two. See, Sheepica's half brother is Harlan Shebwooley-Kattan, better known as Caterang. He doesn't want to blow his cover to his sister, the fannish lambkin. The terrible two are Halitosis Mole who is old and smelly, and Flarey Arson who is a reference that is old and smelly. As Lemonade has a history of being in Strawberry's way, falling on her head as she tried to seduce an emo kid, and calling her a @!#$@! aardvark, she wasn't Strawbs' favorite person. Strawbs had been kinda mean to her during the entire adventure until she finally crossed the line. After a reality check from Frog Spirit, the two talked it out in front of everybody. They seem to have reached an understanding, and are ready to kick old, smelly butt.

The colors for this week's marquee are from Rash as he appeared in Battletoads for NES.

O HAI, IT'S SAL. I'M NOT FIRED.

We'll wrap up the Strawberry Lemonade arc next week. In the meantime, check out the girls' Halloween costumes! How many of them can you identify?

Score sheet:
Identify 0: We can't hang out anymore. It's nothing personal.
Identify 1: Oh, Mindy. You just overheard one of us saying what it was, didn't you?
Identify 2: Nice out-of-date references, Strawberry. No wonder you're so popular!
Identify 3: Wow, Sheepica. Get out of the house much?
Identify 4: You are Sal. You're not LIKE Sal, you ARE me. Sal.

The marquee color palette is from Simon Belmont's sprite from Castlevania for NES.

Chronic fangirl Sheepica and her hunky half-brother Harlan were held for ransom by the Terrible Two, a pair of largely-ineffective villains. Since Sheepica is a big fan of both Strawberry and Lemonade, Horatio sent them both to work as a team and rescue them. Strawberry was still sore over that time Lemonade ruined her attempt to woo Josh from above amongst other things, so Strawbs was a real crankypants for most of this venture. Eventually, after Strawbs' barbs went too far, the two got some built-up feelings out and then worked together as a very effective team. It was wicked. As they leaped from the abandoned building, they encountered Slippery Weasel the Evil Baby rescuing the Terrible Two. Turns out he's been fronting The Hat and the Handlebar, a Supervillain Management Service!

I'm not fired. I just had finals.

Today's marquee colors are from Willy's sprite from Rockin' Kats for NES.

Back when Strawberry and Ultra Cow were battling The Walrus and The Eggman, the Crappy Crapartment building was destroyed. Unfortunately, people lived there. One of those people was Strawberry's geeky barista gal pal, January O'Kaye. Thankfully, Alien-American Marissa Leepthrok has been kind enough to let January crash in her parents' basement while she looks for a new place... but that was a while ago.

If Kyle and John paid me, I'd be playing "Paper Mario: Sticker Star" right now. *grumble*

The marquee color palette for today comes from Eggplant Wizard's sprite from Kid Icarus for the NES.
